

**Changing our look and expanding
today to give your future a
better look tomorrow . . .**

SHELTON STATE COMMUNITY COLLEGE

Education reached new levels on the two campuses of Shelton State Community College during 1979. Both the Junior College Division and the Technical Division reported record enrollments and student interest and involvement in all school activities was at an all time high. Education officials and lawmakers throughout Alabama have applauded the continuing growth and outreach of Shelton State and the future of the college is very promising, sure to offer continuous opportunities for increased knowledge and skills training.

—TECHNICAL DIVISION—

Hubert Worthy (L) and Wayne Boteler discuss class programs with nursing students at Shelton State Technical Division.

—JR. COLLEGE DIVISION—

Tom Umphrey (L) and Arthur Howington (R) encourage student input into the planning of new courses at Shelton Junior college Division.
